AMERICA FOR AMERICANS

McKINLEY AND WILSON ABROAD.

In 1890 William McKinley was burned
in effigy in the English manufacturing
city of Sheffield, but in 1894 William
McKinley was burned and killed in London
because he is the author of a Free-Trade
Tariff Bill. These are significant facts.

THE SILVER PROBLEM.

Commercial Gazette.

Farmer Anderson has two thousand
bushels of wheat.

Mr. Jones has a thousand dollars
worth of silver bullion.

Mr. Anderson's wheat is worth in the
market \$1,000.

So is Mr. Jones's silver bullion.

Mr. Jones goes to Philadelphia, takes
his silver to the Mint and it is coined
into two thousand silver, five, pretty silver
bars.

When Farmer Anderson brings
along his thousand bushels worth of
wheat, Mr. Jones buys it, paying him \$1-
000—and he has \$1,000 left with which
to buy the wheat of the next farmer that
comes along.

This is free coinage. Some people
are sure that all the farmers in the country
are shouting for it.

We should see a good many strange
things in this country if the silver people
should have their way.

William Green, colored, formerly of
this city, was taken sick in London,
Paris some six weeks ago with a slight
case of pneumonia. He came to this
city last Thursday to visit his sister, Mrs.
Sam Monday, in the Sixth Ward. He
tame worse, and died Tuesday night.
The remains will be interred in the
Mayview Cemetery this afternoon at 2:30
o'clock, services by the Rev. W. Allen Al-
ford.

The Farm, Field and Fireside excursion
from Indiana to the Eastern cities,
through the historic battlefields of Vir-
ginia, which passed this city one day last
week, composed part of the Cincinnati
fast line train this morning on its way
home. The representatives report a
grand time, and say that the Chesapeake
and Ohio Railroad is the only one from
Cincinnati to the East. They were all
highly pleased with the beauties and
grandeur of the scenery en route.

There are more Catholics in this section of the
country than all other diseases put together.
And until the last few years was supposed to
be incurable. For a great many years doctors
pronounced it a local disease, and prescribed
local remedies, and by constantly failing to
cure with local treatment pronounced it in-
curable. Science has proven Catholics to be
a constitutional disease, and therefore requires
constitutional treatment. Hall's Cathartic Cure,
manufactured by J. J. Cheney & Co., Toledo,
Ohio, is the only constitutional cure on the
market. It is taken internally in doses from
ten drops in a teaspoonful. It is directly
on the blood and mucous surfaces of the sys-
tem. It offers one hundred dollars for any
case it fails to cure. Send for circulars and
testimonials. Address:

WIDOW OWEN'S STORY.

Philadelphia Times.

A young girl in some of the Parisian tri-
bunes last first husband 100 tons, or about
\$200. Should the first husband die the second
sister may pay 300 tons before he can
make the widow his own, and so on each time
she marries up to the tenth time. This as-
sumed scale is because her value is sup-
posed to increase as she gains greater expe-
rience as a carpet weaver and housewife.
The money is paid to her father, and if he is
not living he goes to her nearest male relative.

INDEPENDENCE.

The Revolutionary Party in Cuba
Has Probably Declared

That Island a Republic, and An-
nounced the New Government.

April 10 to 12. Better still in Cuba. First
Constitution Adopted April 10, 1895.
The Basis for the Present War Was
a Declaration Issued April 10, 1895.

WASHINGTON, April 11.—A new diplo-
matic complication confronts the ad-
ministration. The dispatches from
Cuba Thursday will probably bring the
information that the revolutionary
party has formally declared the inde-
pendence of Cuba from Spain, has an-
nounced the officers of a new govern-
ment and given to the world the con-
stitution of a new republic.

According to information received in
this city a meeting was to be held
Wednesday for the purpose at Quar-
tana, in the province of Puerto Prin-
cipe.

The 10th of April is a red letter day
in the history of Cuban revolution. The
first constitution of a revolutionary
party was adopted April 10, 1895.

After the defeat of that attempt at in-
dependence, the revolutionary party
turned to this country for refuge and
recuperation. The first revolutionary
club in the United States started
April 10, 1895.

The basis for the present war was
laid in a formal declaration issued on
April 10, 1895, and now the declaration
of independence has been deferred un-
til April 10, 1895, in order to continue
the sentimental coincidence. So far as
the United States is concerned the
most serious complications with Spain
on account of the Cuban revolution be-
gan Wednesday. All that has gone be-
fore is merely preliminary to a course
of action which is likely to have
far-reaching results. One of the first
steps of the new Cuban republic will
doubtless be to ask for recognition
from the nations of the earth, and the
first nation to which the appeal will be
made will doubtless be the United
States, which is regarded as the foster
parent of all American republics.

To such an appeal the administration
cannot give a favorable response until
the revolution has progressed so far as
to make it evident that the new gov-
ernment is able to maintain itself and
that Spain is no longer able to con-
tinue its control. How soon that stage
in the revolution will be reached and
how soon it can be predicted. If the revolution
continues to fight with the courage
and abandon that have characterized them
hitherto, it may be a matter of only
a few months before the United States
will be called on to welcome the new
government into the great sisterhood
of republics. But in the meantime
there will be countless complications.

Spain has not yet so much as recog-
nized the belligerence of the revolution-
ary party. She has preferred to
class the outbreak in Cuba as a local
riot and while she has been shipping
troops to the island and guarding
its coast with a cordon of warships,
she has treated the insurrection, so
far as the outside world is concerned,
as a purely domestic affair.

It is this which made her case espe-
cially weak when a question arose
with regard to the firing upon the
Albano, and it is this which will now
tend to aggravate the complications
between Spain and the United States.

The former, and numerous other
new government will have a tendency
to increase the activity of the revolu-
tionary sympathizers in the United
States, and to bring about the
clashing between the two govern-
ments on the subject of American
interference in Cuban affairs. It is a
question which the administration
will have to meet, and it is not look-
ing forward to it with any pleasure.

Florida Sympathizes With Cuban
TATLASS, Fla., April 11.—The
senate Wednesday adopted the follow-
ing resolution, introduced by Mr. Chip-
ley: Resolved, That the senate of
Florida, in regular session assembled,
most heartily sympathizes with the
Cuban patriots in their efforts to free
Cuba from foreign control and to ob-
tain for the people of that island the
right of self-government so much
prized by us, believing that they have
the same reasons for their actions that
our forefathers had of whose actions
we are so justly proud. A few voices
dissenting after the usual debate.

WASHINGTON, April 11.—Some ac-
count of the ravages of the cattle
plague (rinderpest) in Russia is given

United States Consul Gen. Carl St.
Peterson. He quotes official statis-
tics to show that the plague appeared
in northern Caucasus in January of
this year, causing a mortality of 375
head. No case appeared in the interior

ANOTHER INCOME TAX SUIT.

NEW YORK, April 11.—It was an-
nounced Wednesday afternoon that
the income tax would again be tested in
the United States courts in a suit
brought by Charles Allen against the
Illinois Central railroad, in which it is
asked that the railroad be restrained
from paying the income tax on the
ground that the \$1,000 exemption is un-
constitutional. Allen is supposed to
represent some big opponents of the
tax, inasmuch as he owns only five
shares. The suit is being conducted by
Severall, Guthrie, Morawetz & Steele, with Joseph H.
Choate as associate counsel.

AN OFFER OF MEN AND MONEY.

WINDY, Man, April 11.—The gov-
ernment has received many letters
from Americans and residents inter-
esting the position taken by the gov-
